

[Request]

I want to create a park where parents and children can play in a place rich in nature. Because I want a lot of people to use it, I want a convenient place for transportation or a place near a residential area.

The shape of the park should also be interesting, but the edges should be straight.

The budget for the land should be no more than 10 million yen

Document 2 Land price

	Land price	comment	Place
A	82,500 yen	There is Sendai Shirayuri Elementary School nearby.	Murasakiyama
B	95,500 yen	The surrounding area is a residential area.	Shogen
